Joe Cinque's Consolation Jun 23 2022 NOW A MAJOR MOTION PICTURE A true story of death, grief and the law from the 2019 winner of the Australia Council Award for Lifetime Achievement in Literature. In October 1997 a clever young law student at ANU made a bizarre plan to murder her devoted boyfriend after a dinner party at their house. Some of the dinner guests-most of them university students-had heard rumours of the plan. Nobody warned Joe Cinque. He died one Sunday, in his own bed, of a massive dose of rohypnol and heroin. His girlfriend and her best friend were charged with murder. Helen Garner followed the trials in the ACT Supreme Court. Compassionate but unflinching, this is a book about how and why Joe Cinque died. It probes the gap between ethics and the law; examines the helplessness of the courts in the face of what we think of as 'evil'; and explores conscience, culpability, and the battered ideal of duty of care. It is a masterwork from one of Australia's greatest writers. Winner of the Ned Kelly Award for Best True Crime 2005 Winner of the ABIA Book of the Year 2004 PRAISE FOR JOE CINQUE'S CONSOLATION "Garner's book is a writer's profound response to a tragedy and to questions about human responsibility over time as well as at precise moments" The Age "This is a work of great passion and of countervailing humanity - a book of witness..." Australian Book Review

The She-Devil in the Mirror Nov 23 2019 Salvadorean society is shocked by the gruesome murder of a young upper-class woman, and no one more so than her best friend Laura. In her first-person solo narration, Laura rattles on and on about her disbelief and horror at the evils all around her-but who's that in the mirror? Laura Rivera can't believe what has happened. Her best friend has been killed in cold blood in the living room of her home, in front of her two young daughters! Nobody knows who pulled the trigger, but Laura will not rest easy until she finds out. Her dizzying, delirious, hilarious, and blood-curdling one-sided dialogue carries the reader on a rough and tumble ride through the social, political, economic, and sexual chaos of post-civil war San Salvador. A detective story of pulse-quickening suspense, The She-Devil in the Mirror is also a sober reminder that justice and truth are more often than not illusive. Castellanos Moya's relentless, obsessive narrator-female, rich, paranoid, wonderfully perceptive, and, in the end, fabulously unreliable-paints with frivolous profundity a society in a state of collapse. Castellanos Moya's Senselessness was acclaimed "an innovative and invigoratingly twisted piece of art" (Village Voice) and "a brilliantly crafted moral fable, as if Kafka had gone to Latin America for his source materials" (Russell Banks).

*Syria, the Strength of an Idea* Apr 09 2021 The Syrian crisis has confounded political leaders and experts who forecast a rapid fall of the regime. This monumental error of interpretation has had tragic consequences for the unfolding of the crisis and its slide into a frightful civil war with regional and international ramifications. This book looks at Syrian reality in a new light. By analysing twenty-five constitutions and constitutional texts and proposing an innovative classification of the different political regimes that have shaped Syria over the last one hundred years, the author retraces the country's intense history and the persistence of a Syrian model defined by the Founding Fathers. If, on emerging from this war, Syria maintains its unity and gives itself a democratic regime reflecting its society, then the concept of Syria may find a new lease of life and Syria will once again be perceived as an idea full of promises.

*Mutiny on the Amistad* Oct 23 2019 This volume presents the first full-scale treatment of the only instance in history where African blacks, seized by slave dealers, won their freedom and returned home. Jones describes how, in 1839, Joseph Cinqué led a revolt on the Spanish slave ship, the Amistad, in the Caribbean. The seizure of the ship by an American naval vessel near Montauk, Long Island, the arrest of the Africans in Connecticut, and the Spanish protest against the violation of their property rights created an international controversy. The Amistad affair united Lewis Tappan and other abolitionists who put the "law of nature" on trial in the United States by their refusal to accept a legal system that claimed to dispense justice while permitting artificial distinctions based on race or color. The mutiny resulted in a trial before the U.S. Supreme Court that pitted former President John Quincy Adams against the federal government. Jones vividly recaptures this compelling drama--the most famous slavery case before Dred Scott--that climaxed in the court's ruling to free the captives and allow them to return to Africa.

*Social Inclusion and Mental Health* Aug 01 2020 People with mental health conditions are among the most socially excluded groups in society. Mental health conditions are influenced by the social environment, which in turn shapes our social and cultural responses to the people who experience them. Much of what mental health practitioners do is 'essentially social' and the effects of their interventions are hampered by the marginalised status of many of the people that they see. This book documents the ways in which people with mental health conditions are excluded from participating in society and offers some pointers as to how this may be reversed. It highlights the need to reduce mental health inequalities and to consider the importance of material inequalities and social injustices faced by people experiencing mental ill-health. Whilst the challenges are considerable and the solutions wide-ranging, mental health practitioners can play a significant role in facilitating the social inclusion of those with mental health conditions.

La Découverte du tombeau de Toutankhamon Oct 15 2021 Ce texte est le récit, sous la forme d'une fiction, de la découverte de la tombe du pharaon Toutankhamon (v. 1354-1346 avant Jésus-Christ) par Howard Carter (1874-1939), le célèbre archéologue et égyptologue britannique, en 1922. Gilbert Sinoué nous raconte cette histoire à travers le récit qu'un grand-père fait à son petit-fils - grand-père qui faisait partie de l'équipe d'Howard Carter lors des différentes fouilles archéologiques, qui ont débuté en 1893. Le ton est celui du conte, du merveilleux, le livre étant destiné aux élèves de 6e.

Black Ship to Hell Jul 24 2022 Is modern man threatening to destroy his world? First published in 1962, this book, which analyzes the origins, history, and manifestations of the destructive impulse that exists in human beings, has relevance and interest for all of us. The author sees this impulse as primarily one of self-destruction deflected outward, and her brilliant exploration of its multiple effects takes her and the reader into regions of complex fascination. In ranging the fields

of art, science, and morality for evidence to support her contentions, Miss Brophy not only reveals herself as a writer of immense cultivation and power, but also as a provocative thinker. Her basic conclusion—that the philosopher, the teacher, the psychologist, and the artist, among others, in order to be productive or even operative, must acknowledge and allow for the instinctual sources of behavior, which Freud so daringly illuminated and documented—is expressed in lively, passionate prose. This is a highly controversial book that will undoubtedly rouse storms of argument, for the issues, like the outcome, are of the deepest concern to us all. Miss Brophy's opponents, if they are to make themselves heard, must at least match her in intellectual caliber and cultural equipment.

*Un bateau pour l'enfer* Oct 03 2020 9 Novembre 1938. Après l'assassinat à Paris du conseiller d'ambassade von Rath, Goebbels déclenche dans toute l'Allemagne, à titre

de « représailles », la tristement célèbre Nuit de cristal : incendie des synagogues, pillage des maisons juives... Quelques mois plus tard, en réponse aux protestations qui s'élèvent du monde entier, mais surtout pour des raisons de propagande extérieure, Adolf Hitler autorise les juifs qui le souhaitent à quitter l'Allemagne. Le 13 mai 1939. A Hambourg, le S.S. Saint-Louis, paquebot battant pavillon nazi, largue les amarres. À son bord 937 passagers, dont 550 femmes et enfants. Tous sont des juifs allemands. Tous sont munis de visas. Destination : La Havane. C'est à Cuba que les exilés espèrent séjourner, en attendant que leur soit accordé le droit d'entrée aux États-Unis. Le 23 mai, alors que le bateau est à la veille de pénétrer dans les eaux territoriales cubaines, Gustave Schroeder, capitaine du Saint-Louis, reçoit un câble expédié par le gouvernement de la Havane : "Mouillage en rade - Stop - Ne pas tenter d'approcher port." Puis l'ordre lui est transmis de faire demi-tour et de ramener sa « cargaison » à Hambourg. Schroeder sait le destin tragique qui attend ses passagers s'ils rentrent en Allemagne. Il décide de passer outre et prend contact avec les gouvernements du monde dit libre en leur demandant d'accueillir ses passagers. Roosevelt, le premier sollicité, refuse. Le Canada refuse. Toutes les nations d'Amérique latine, refusent. À Berlin, Goebbels exulte : PERSONNE N'EN VEUT ! C'est ainsi que commence l'effroyable errance du Saint-Louis. S'appuyant aussi bien sur les documents d'archives que sur les confidences des survivants, Gilbert Sinoué retrace ici, heure par heure, une épopée dont on pourrait se dire qu'elle n'a pu exister tant elle semble inconcevable.

Breaking the Mirror of Heaven Feb 07 2021 Exposes the many cycles of monument destruction and cultural suppression in Egypt from antiquity to the present day • Details the vandalism of Egyptian antiquities and suppression of ancient knowledge under foreign rulers who sought to cleanse Egypt of its "pagan" past • Reveals the real reason behind Napoleon's invasion of Egypt: Freemasonry • Shows how the censorship of nonofficial Egyptology as well as new archaeological discoveries continued under Antiquities Minister Zahi Hawass Called the "Mirror of Heaven" by

Hermes-Thoth and regarded as the birthplace of civilization, science, religion, and magic, Egypt has ignited the imagination of all who come in contact with it since ancient times--from Pythagoras and Plato to Alexander the Great and Napoleon to modern Egyptologists the world over. Yet, despite this preeminence in the collective mind, Egypt has suffered considerable destruction over the centuries. Even before the burning of the Great Library at Alexandria, the land of the pharaohs was pillaged by its own people. With the arrival of foreign rulers, both Arabic and European, the destruction and thievery continued along with suppression of ancient knowledge as some rulers sought to cleanse Egypt of its "pagan" past. Exploring the many cycles of destruction and suppression in Egypt as well as moments of salvation, such as the first registered excavations by Auguste Mariette, Robert Bauval and Ahmed Osman investigate the many conquerors of Egypt through the millennia as well as what has happened to famous artifacts such as the Rosetta Stone. They show how Napoleon, through his invasion, wanted to revive ancient Egyptian wisdom and art because of its many connections to Freemasonry. They reveal how the degradation of monuments, theft of relics, and censorship of ancient teachings continue to this day. Exposing recent cover-ups during the tenure of Antiquities Minister Zahi Hawass, they explain how new discoveries at Giza were closed to further research. Clearing cultural and historical distortions, the authors reveal the long-hidden and persecuted voice of ancient Egypt and call for the return of Egypt to its rightful place as "the Mother of Nations" and "the Mirror of Heaven."

When the Plums Are Ripe Jul 12 2021 The second volume in a magisterial trilogy, the story of Cameroon caught between empires during World War II In *Cameroon*, plum season is a highly anticipated time of year. But for the narrator of *When the Plums Are Ripe*, the poet Pouka, the season reminds him of the "time when our country had discovered the root not so much of its own violence as that of the world's own, and, in response, had thrown its sons who at that time were called Senegalese infantrymen into the desert, just as in the evenings the sellers throw all their still-unsold plums into the embers." In this novel of radiant lyricism, Patrice Nganang recounts

the story of Cameroon's forced entry into World War II, and in the process complicates our own understanding of that globe-spanning conflict. After the fall of France in 1940, Cameroon found itself caught between Vichy and the Free French at a time when growing nationalism advised allegiance to neither regime, and was ultimately dragged into fighting throughout North Africa on behalf of the Allies. Moving from Pouka's story to the campaigns of the French general Leclerc and the battles of Kufra and Murzuk, Nganang questions the colonial record and recenters African perspectives at the heart of Cameroon's national history, all the while writing with wit and panache. *When the Plums Are Ripe* is a brilliantly crafted, politically charged epic that challenges not only the legacies of colonialism but the intersections of language, authority, and history itself.

The Egyptian Aug 25 2022 First published in the 1940s and widely condemned as obscene, *The Egyptian* outsold every other American novel published that same year, and remains a classic; readers worldwide have testified to its life-changing power. It is a full-bodied re-creation of a largely forgotten era in the world's history: an Egypt when pharaohs contended with the near-collapse of history's greatest empire. This epic tale encompasses the whole of the then-known world, from Babylon to Crete, from Thebes to Jerusalem, while centering around one unforgettable figure: Sinuhe, a man of mysterious origins who rises from the depths of degradation to get close to the Pharaoh...

*Sit Down and Shut Up* Jan 26 2020 On his very first day of school as a substitute teacher, Cinque Henderson was cursed at and openly threatened by one of his students. Not wanting trouble or any broken bones, Henderson called the hall monitor, who escorted the student to the office. But five minutes later the office sent him back with a note that read, "Ok to return to class." That was it: no suspension, no detention, no phone call home, nothing. *Sit Down and Shut Up: How Discipline Can Set Students Free* is a passionate and personal analysis of Henderson's year as substitute teacher in some of America's toughest schools. Students disrespected, yelled at, and threatened teachers, abetted by a school system and political culture that turned a willfully blind eye to the economic and social decline that created the problem. Henderson concludes that the failures of our worst schools are the result of a population in crisis: classrooms are microcosms of all our nation's most vexing issues of race and class. The legacy and stain of race—the price of generational trauma, the cost of fatherlessness, the failures of capitalism, the false promise of meritocracy—played itself out in every single interaction Henderson had with an aggressive student, an unengaged parent, or a failed administrator. In response to the chaos he found in the classroom, Henderson proposes a recommitment to the notion that discipline—wisely and properly understood, patiently and justly administered—is the only proper route to freedom and opportunity for generations of poor youth. With applications far beyond the classroom, Henderson's experiences offer novel insights into the pressing racial, social, and economic issues that have shaped America's cultural landscape. Sure to ignite discussion and controversy, *Sit Down and Shut Up* provides a frank evaluation of the broken classrooms of America and offers a bold strategy for fixing them.
