Bestselling author. What is more fun than playing Minecraft?

Taking an adventure right into the game itself with bestselling author Mark Cheverton. What will Gameknight999 do when his own friend is infected with the evil Herobrine virus? This

adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO. With the destruction of the infected Ender Dragon, the monster kings were forced to retreat. Herobrine's poisonous XP has been captured in an obsidian box and sealed tightly.

Gameknight999 and his friends know that the obsidian box will have to be destroyed to eliminate the evil virus once and for all. But how? And who will be brave enough to do it? Gameknight and his friends decide to take the infected ender chest far from their village, to a place where it will do no harm. But during the voyage, Herobrine takes control of Herder and has him steal the ender chest, taking it to the Nether where the blaze-king, Charybdis, awaits. But while they're battling a host of blazes, zombie-pigmen, and ghastrs, the obsidian box is broken, infecting

Herder with Herobrine's XP. As Herder is overcome by the virus's poisonous wickedness, Gameknight must face his friend in battle if he hopes to defeat this monster. But how can he destroy Herobrine without destroying his friend? Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. While not every title we publish becomes a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. Learn the truth about Herobrine's origins from his own diary. This amazing diary was recently discovered in a cave deep within a valley of the Overworld. Now, you can learn how Herobrine came to be and, more importantly, why he came to be. WARNING: This diary is not for the faint of heart. Do NOT read this book late at night... All illustrations in the diary (except those in the introduction) were drawn by Herobrine himself! A journey into Minecraft's past reunites Gameknight999 with old enemies. Trapped one hundred years in Minecraft's past, Gameknight999 struggles to keep his real identity a secret from the villagers of long ago, all while preparing them for battle. Herobrine's forces are getting closer every day, advancing across the Overworld and leaving a path of destruction in their wake. Furious at Gameknight's unexpected meddling, the evil virus takes revenge, creating the terrifying shadow-crafters. He gives these strange NPCs of darkness the power to build super-monsters, servants of Herobrine that are meaner, stronger, and more dangerous than anything Minecraft has ever seen before. As casualties mount, it's clear that every last bit of the villagers' strength and bravery will be tested before the dust settles. Even worse, in the heat of battle the User-that-is-

not-a-user will come face to face with Herobrine's most terrible creation, a monster from his nightmares he thought he would never have to face again... GENRE: Children's Adventure (An Unofficial Minecraft Book for Kids Ages 9 - 12 (Preteen) Book 1: Wrongly Accused Mark is a normal player who has been struggling to survive in the world of Minecraft. He isn't very good at building things, but he does his best to build a safe house to stay the night. Unfortunately, Creepers won't let him keep his house in one piece, and are constantly destroying it every night. Tired of living on his own, Mark goes out to find a city where he can live in harmony with other players. And luckily, the server where he is playing has the perfect spot for what he needs: a small and nice village inside a jungle. The players living in the village are in balance with nature, and the place is the perfect residence for Mark who just wants to live a peaceful life. But unexpected events take place in the village, and Mark is kicked out of the place without having a chance to defend himself. Angry with the villager's decision, Mark goes on a rampage and starts griefing and trolling the village. He is constantly pulling pranks and trolling the villagers with traps, and rumors inside the village are blaming Herobrine for those tricks. Mark takes advantage of Herobrine's bad fame as a hoax, and uses his name to continue trolling the village. Mark doesn't know yet, but there is someone else who has been watching him lately, and who

wants to make him pay for his wrongdoings... A massive war in Minecraft's past will determine the fate of the present! One hundred years in Minecraft's past, foiled by a time-traveling Gameknight999, the evil virus Herobrine has gone mad with rage. Now determined to wipe every NPC alive off the server as punishment for meddling with his plans, he crafts a new monster king to lead a devastating aerial assault. Gameknight, his true identity still a secret, is stunned when a vicious ghast army, commanded by a terrifying monster that the User-that-is-not-a-user remembers all too well, arrives at the village he's protecting and unleashes wave after wave of unthinkable terror. With his army overpowered and outnumbered, Gameknight realizes they have no chance of defeating Herobrine and this new army out in the open Overworld. If he's to save Minecraft from complete annihilation (which would destroy everyone in the present day as well) he'll need to turn the tables on his greatest nemesis. As the forces of darkness slowly close in around them, one question remains: Will he defeat this enemy before the future of Minecraft is changed forever? GENRE: Children's Adventure (An Unofficial Minecraft Book for Kids Ages 9 - 12 (Preteen) Herobrine, the feared mythical creature, known for trolling and griefing innocent players, pulling pranks on them and destroying their constructions while they are asleep, has been a part of Minecraft since early stages of the game. This is what Herobrine likes to do, right? Wrong! Despite the popular belief that Herobrine is a single creature whose only desire is to cause harm and chaos, there are several Herobrines living in each server, and instead of destroying and trolling, their only objective is to do the exact opposite: to help and protect humans. Our main character is a player called Angie. Angie is one of the few humans who were

chosen among the best players to become Herobrine, the famous entity who possesses magical powers. Angie now belongs to an organization called the Herobrine Agency, which is spread across the server in five different branches: the Central, where the Master Herobrine Vince lives; the North, East, West and the South agency, where Angie lives and works with his fellow Herobrine friends, led by the leader Carley. Together with his other colleagues, Angie and the other Herobrines do their best to protect the humans living in the cities from any harm. But recently, a mysterious glitch has appeared in all regions, and the Herobrine Agency is doing its best to get rid of the unknown threat. Join Angie in Agent Herobrine - Book 1 and read more about his stories in the Herobrine Agency, as well as his detailed transcriptions of his past; how he became a Herobrine, how the Herobrine Agency was created, and much more. The characters in this "Minecraft Adventure Series" such as Steve, Endermen or Herobrine...etc are based on the Minecraft Game coming from Minecraft (R)/TM & (c) 2009-2013 Mojang / Notch A massive war in Minecraft's past will determine the fate of the present! One hundred years in Minecraft's past, foiled by a time-traveling Gameknight999, the evil virus Herobrine has gone mad with rage. Now determined to wipe every NPC alive off the server as punishment for meddling with his plans, he crafts a new monster king to lead a devastating aerial assault. Gameknight, his true identity still a secret, is stunned when a vicious ghast army, commanded by a terrifying monster that the User-that-is-not-a-user remembers all too well, arrives at the village he's protecting and unleashes wave after wave of unthinkable terror. With his army overpowered and outnumbered, Gameknight realizes they have no chance of defeating Herobrine and this new army out in the open Overworld. If he's to save Minecraft from complete annihilation (which would destroy everyone in the present day as well) he'll need to turn the tables on his greatest nemesis. As the

forces of darkness slowly close in around them, one question remains: Will he defeat this enemy before the future of Minecraft is changed forever? Mysterious fires are burning the Overworld to the ground! The NPCs of Minecraft barely had time to celebrate their victory over the spider queen and the king of the skeletons before terrible new crimes broke the hard-earned peace. Inexplicable fires are breaking out under mysterious circumstances, the flames destroying more and more land with every tick of the CPU. Gameknight999 knows something is terribly wrong, but has no idea who is responsible or how to stop them. With danger looming, entire biomes and villages are under threat of complete annihilation. But unlike last time, there are no mocking signs or arrogant clues for Gameknight and his friends to follow. How could Herobrine be controlling fire from beyond the digital grave? The answer lies in a dark and smoky underworld filled with fiery rivers of lava, where a terrible monster army awaits. Gameknight999's best friend in Minecraft is dying, and only the User-that-is-not-a-user can save him! Herobrine, the artificially intelligent virus intent on escaping Minecraft and infecting the Internet with his evil, was captured after an epic showdown on the shores of Minecraft. Gameknight999, having trapped the virus in an unlikely prison, saved the lives of his friends in the game and was finally able to return to the physical world. Everyone thought the Last Battle was over and Minecraft was safe . . . but they were wrong. The powerful evil held within Herobrine's prison is leaking out into the fabric of Minecraft and attacking Crafter, the most sensitive NPC on the server and Gameknight999's best friend. With Crafter's life in jeopardy, Gameknight999 and his father, a Minecraft noob, have no choice but to return to the game again. As they journey to The End to destroy Herobrine, Gameknight and his friends will face two of Herobrine's most hated creations: the zombie-king, Xa-Tul, and the king of the endermen, Feyd. With Crafter's life hanging by a thread, Gameknight999 must find a way to thwart Herobrine's plans before the virus's poison kills his best friend. Gameknight999 was sucked into the world of Minecraft when one of his father's inventions went haywire. Trapped inside the game, the former griefer learned the error of his ways. He transformed into a heroic warrior and defeated powerful endermen, ghasts, and dragons to save the world of Minecraft and his NPC friends that live in it. Gameknight swore that he'd never go inside Minecraft again. But when his little sister, Monet113, accidentally enters the game herself, the User-that-is-not-a-user has no choice but to return to a digital world where very real danger lies around every corner. With the help of some old friends such as Crafter, Hunter, and Stitcher, as well as a few unexpected new ones, Gameknight will journey deep into a zombie village and face Xa-Tul, the powerful zombie king crafted by a shadowy figure with bright glowing eyes and a hatred for Gameknight999. To save his sister, Gameknight will have to learn a few new tricks if he has any chance of defeating this monstrous creature. After finding out about her real parents from her current family, she decides to find them but Steve, who feels threatened by Hiroko's powers, is also trying to find Hiroko. Will she be able to find her real parents before Steve captures her? Find out in the *Diary of Herobrine's Child!* Hamid is trapped. Herobrine roams free. Jaina holds the key. Twelve-year old Hamid is lost in the End, while his best friend Ant remains cursed and deadly. Grab your pickaxe, the *Battle of the Blocks* is far from over . . . The Minecraft server is at risk of a devastating crash! Glitches are appearing across the Minecraft server. Blocks are flickering unexpectedly and randomly disappearing. To make matters worse, villagers are claiming that their entire villages have mysteriously vanished, and they desperately need Gameknight999's help. What's causing the server to overload and glitch, and where have all the NPCs gone? The User-that-is-not-a-user suspects the two questions are related, and that somehow Herobrine's henchmen are responsible. So Gameknight999 and his friends travel deep underground, facing some of the largest monster armies ever assembled as they search for a way to avoid the end of Minecraft as they know it. But his enemies have hatched their most diabolical plan yet, and Gameknight will have to risk everything to save his friends. GENRE: Children's Adventure (An Unofficial Minecraft Book for Kids Ages 9 - 12 (Preteen) Book 1: Under the Shadows Herobrine, the feared mythical creature, known for trolling and griefing innocent players, pulling pranks on them and destroying their constructions while they are asleep, has been a part of Minecraft since early stages of the game. This is what Herobrine likes to do, right? Wrong! Despite the popular belief that Herobrine is a single creature whose only desire is to cause harm and chaos, there are several Herobrines living in each server, and instead of destroying and trolling, their only objective is to do the exact opposite: to help and protect humans. Our main character is a player called Angie. Angie is one of the few humans who were chosen among the best players to become Herobrine, the famous entity who possesses magical powers. Angie now belongs to an organization called the Herobrine Agency, which is spread across the server in five different branches: the Central, where the Master Herobrine Vince lives; the North, East, West and the South agency, where Angie lives and works with his fellow Herobrine friends, led by the leader Carley. Together with his other colleagues, Angie and the other Herobrines do their best to protect the humans living in the cities from any harm. But recently, a mysterious glitch has appeared in all regions, and the Herobrine Agency is doing its best to get rid of the unknown threat. Join Angie in Agent Herobrine - Book 1 and read more about his stories in the Herobrine Agency, as well as his detailed transcriptions of his past; how he became a Herobrine, how the Herobrine Agency was created, and much more. work at the South Agency have been dealing with a mysterious glitch that appeared throughout the cities in the server where they live. Strangely, this glitch is invulnerable and indestructible. Not even the Herobrine Leader Vince could destroy it himself. And now, some reports coming from specific cities have shown that the glitch is growing in size and even absorbing items, like a black hole. The civilians are scared and no one knows how to deal with the situation. The West Agency which is specialized in working with Glitches is dedicating day and night to the mission of finding out more about the Glitch, but their progress is slowly delayed by the limits of their knowledge on the case. Meanwhile, the other Agencies are searching all cities and trying to figure out if anything specific has caused the glitch - or even anyone. Read Agent Herobrine - Book 2 and follow Angie's daily work at the South Agency to solve the mystery surrounding the black hole glitch. Book 3: Unmasking the Traitors Angie and his co-workers from the South Agency have been hard at work to solve the mystery surrounding the strange black holes which appeared throughout the cities of the server where they live. They discovered a strange group guided by a fanatic man, which seem to have a connection with the ones who created the glitch. The Agents go after the group, but their mission doesn't tell them much. Eventually, the Herobrine Agency finds the perfect lead to get their hands on the ones who have been causing so much trouble in this peaceful server. Bert, from the East Agency, has discovered something amazing about the black holes. According to his research with his East Agents, the black holes aren't dangerous at all, and they can be used to reach unspecified destinations. What destination do they lead to? How can they get there? Who created these glitches, and why? Read Agent Herobrine - Book 3 and discover how Angie and his friends at the Herobrine Agency will put an end to the case of the black holes. This short story is for your reading pleasure.
