Stockholm Series V Oct 02

2022 "City in the World," the

fifth and last book of Per

Anders Fogelstrom's famed

Stockholm Series, covers the

years from 1945 through 1968.

The author depicts the

progress of the Swedish social

experiment during this period

as Swedish society struggles to

find peaceful solutions to many

challenges. As ever,

Fogelstrom displays great

sympathy and insight into

characters we know well by

now, immersed in the world of

their time, a time in which

Stockholm has become a city in

the world."

Footsteps Feb 23 2022 Richard

Holmes knew he had become a

true biographer the day his

bank bounced a check that he

had inadvertently dated 1772. Because for the acclaimed chronicler of Shelley and Coleridge, biography is a physical pursuit, an ardent and arduous retracing of footsteps that may have vanished centuries before. In this gripping book, Holmes takes us from France's Massif Central, where he followed the route taken by Robert Louis Stevenson and a sweet-natured donkey, to Mary Wollstonecraft's Revolutionary Paris, to the Italian villages where Percy Shelley tried to cast off the strictures of English morality and marriage. *Footsteps* is a wonderful exploration of the ties between biographers and their subjects, filled with passion and revelations. "Deeply impressive . . . *Footsteps* is a singular event in the modern history of biography, and in itself a delightful reading experience."—Alfred Kazin "This exhilarating book, part biography, part autobiography, shows the biographer as sleuth and huntsman, tracking his subjects through space and

time."—The Observer "A modern masterpiece . . . [Holmes is] the most romantic of contemporary biographers and probably the most revolutionary in spirit and form."—Michael Holroyd, author of *Bernard Shaw*

Law and Performance Jan 13 2021 "In considering law through the lens of performance studies, the contributors in this volume emphasize the embodied, affective, and reiterative qualities that move law off the printed page and into the thick world of lived experience. They consider the blurring of lines between performance and the enactment of law, the transformative exchanges between the law and its many and varied stagings, and the impact or resonance of performativity in situations where innocence and guilt may be determined."--

Children of Their City Jan 05 2023

The Rector of Veilbye Oct 10 2020 The classic Danish thriller dubbed 'The First Crime Novel.' The trial of Pastor

Søren Jensen Quist of Vejlbj took place at Aarhus in 1626. The trial centered around the unexplained disappearance in 1607 of a farm laborer named Jesper Hovgaard who was employed at Pastor Quist's rectory. Fifteen years later, in 1622, human remains were unearthed on the grounds of the rectory. The bones were believed to belong to Hovgaard and word soon spread that the Reverend Quist had slaughtered him and tried to conceal the crime. During the police investigation, two local men, who had past animosity toward Quist, testified that they witnessed the cleric murder Hovgaard while in a drunken rage. The Reverend protested his innocence but was found guilty and executed by decapitation on July 20, 1626. In 2006, 'The Rector of Veilbye' was selected for inclusion in the Cultural Canon of Denmark by the Danish Ministry of Culture. During the ceremony, an official declared that, "the style illuminates elegiac pain and discomfort in an eerily intense drama, and

the story is difficult to shake off." Renowned Scandinavian critic Søren Baggesen stated "Blicher is not just the first of Danish literature's great storytellers, he is one of the few tragic poets, Danish literature has ever had."

Wolf Conflicts Aug 08 2020

Wolf populations have recently made a comeback in Northern Europe and North America. These large carnivores can cause predictable conflicts by preying on livestock, and competing with hunters for game. But their arrivals often become deeply embedded in more general societal tensions, which arise alongside processes of social change that put considerable pressure on rural communities and on the rural working class in particular. Based on research and case studies conducted in Norway, **Wolf Conflicts** discusses various aspects of this complex picture, including conflicts over land use and conservation, and more general patterns of hegemony and resistance in modern societies.

Edvard Munch Apr 03 2020

Magnhild; Dust Jun 05 2020

"Magnhild; Dust" by Bjørnstjerne Bjørnson and translated by Rasmus Björn Anderson is a Norse story that was, initially untranslated. Once it was made available in multiple languages, it quickly garnered popularity. Despite this, the book was almost lost to time had it not been for the conversation efforts of literature lovers.

Vincent Aug 20 2021 A portrait of Van Gogh's turbulent stay in Provence. Vincent dreams of setting up an artists' house in Arles for himself and his friends. However, his attacks of mental illness confuse and disorient him, culminating in the notorious incident with his ear and leaving his dreams shattered. Throughout all of this, Vincent's brother Theo stands by him, offering constant and unconditional support. Van Gogh was passionate about his art. His ideas about success, setbacks and how to create a meaningful life provide an interesting counterpoint to our age of

individualism and commercialism. Stylistically, Stok is almost faultless... [Vincent] leaves us aware of a small breath of fresh air blown into the worlds of art history - Nicholas Wadley, The Times Literary Supplement.

My Mother Gets Married Nov 10 2020 Originally published in Sweden in 1936, this rare novel is the first volume in Martinson's acclaimed autobiographical trilogy. Told through the seven-year-old child Mia's eyes, the novel portrays a life of dreadful poverty, recording in detail Mia's beautiful mother's pregnancies by her handsome but hard-drinking and unfaithful husband; the succession of rented rooms infested with rats and lice, where Mia lives; the insidious separateness and cruelty that the haves inflict on the have-nots. "A poignant, yet unsettling documentary story that transcends time and place in its depiction of the struggles of the working poor, deserving of a place alongside such notables as Sinclair Lewis, Ole

Rolvaag, and John Steinbeck."-
Booklist

Winter in Wartime Nov 22
2021 A gripping and fast-paced
adventure story about one
boy's life-threatening mission
to support the secret resistance
in Nazi-occupied Netherlands,
based on the author's own
childhood in Holland during
World War II. It's the winter of
1944-45, and Michiel's country
has been at war since he was
eleven. Now he's fifteen, and
his country is under Nazi
occupation, including the town
where Michiel lives and where
his father is the mayor. No
longer able to attend school,
Michiel spends his days
running urgent errands on his
bicycle, avoiding Allied
bombers and German soldiers
alike. Then one day, his
friendship with Dirk, the
neighbor's older son and a
member of the secret
underground, involves him in
the care of a wounded British
pilot. When a German soldier is
found murdered and the
townspeople are blamed for his
death, Michiel's already-risky
mission turns life-threatening.

Winter in Wartime is a fast-
paced and exciting novel,
which has never been out of
print in the Netherlands since
it was first published, nearly
fifty years ago. Based on the
author's own boyhood in
wartime Holland, the action
and adventure of Michiel's
mission makes for a gripping
read, while the anguish of his
experience underscores the
ultimate anti-war tenor of the
novel.

Mr. Orange Sep 20 2021 When
Linus Muller takes over making
deliveries for his family's
Manhattan grocery store in
1943, including bringing a
crate of oranges every other
week to an artist from Europe,
the two become friends as they
discuss war, the future,
freedom, and imagination.

**Stockholm Series IV: In a
City Transformed** Nov 03
2022 In a City Transformed is
the fourth volume of the
acclaimed Stockholm Series by
Per Anders Fogelstrom. It
opens with the watershed year
of 1928, on the eve of the Great
Depression. As Sweden heads
toward the years of economic

crisis and massive unemployment, we the readers reacquaint ourselves with well-loved characters from previous volumes as they age and ponder their existence. The dramatic turns of events of younger characters' lives capture the reader, as they enter adulthood in a volatile period in history. People grow and change as does the ever-transforming city, and meanwhile, the world becomes engulfed in yet another world war. The war unfolds through the words and thoughts of Fogelstrom's Swedish citizens. During these troubled times, Sweden as a nation transforms itself, with the state taking on greater social responsibility, and developing what would henceforth become known as "the Swedish model."

The War Within These Walls

Jan 25 2022 It's World War II, and Misha's family, like the rest of the Jews living in Warsaw, has been moved by the Nazis into a single crowded ghetto. Conditions are appalling: every day more people die from disease,

starvation, and deportations. Misha does his best to help his family survive, even crawling through the sewers to smuggle food. When conditions worsen, Misha joins a handful of other Jews who decide to make a final, desperate stand against the Nazis. Heavily illustrated with sober blue-and-white drawings, this powerful novel dramatically captures the brutal reality of a tragic historical event.

Stockholm 3 Sep 01 2022 Per Anders Fogelström's Stockholm Series is a quintet of novels about the intertwined stories of a city and of a family; this third volume, *Remember the City*, focuses on the experiences and diverging destinies of the children of Henning Nilsson. The book tells the continuing tale of the growth in the underclass of nineteenth-century Stockholm into a modern European metropolis. Set between the years of 1900 and 1925, the novel contains a plethora of characters and their personal stories and struggles through difficult times. The research behind and

within Fogelström's series is prodigiously detailed: he gives us meticulous descriptions of landscapes, weather, rooms, streets, factories, cafes, bars, and emerging landmarks; he knows and understands the historical events, issues, and politics of the period. Readers experience the difficulties of the time through characters such as Emelie, an aging and single woman who feels obligated to take on too many responsibilities, Jenny, a young widow seeking to live out her dream of being a dancer, August, a wealthy building contractor struggling with the consequences of a possible illegitimate son, Bärta, a drunk who has ruined herself with the drink, and the stories of Bärta's children as they grow up in a troubled world. Remember the City particularly identifies with the youth of the period and their political involvement. A new era dawns as modernization takes hold of the city and its occupants. Fogelström tells his stories without contrivance; when there are life-changing events,

they erupt into a context of daily life that he conveys no less compellingly. He can show us the clothes his characters are wearing, tell us how these people smell, describe the effect of alcohol and toil on their bodies. Most of all, he understands their values, their ideals, their emotions, their human integrity; he admires their enduring strengths, and views their weaknesses with compassion. Jennifer Brown Båverstams skillful translation is at once transparent and rooted, like its source. The author, Per Anders Fogelström, is one of the most widely read authors in Sweden today. Biography: A Very Short Introduction Apr 27 2022

Biographies are one of the most popular and best-selling of the literary genres. Why do people like them? What does a biography do and how does it work? This Very Short Introduction examines different types of biographies, why certain people and historical events arouse so much interest,

and how they are compared with history and fiction.

Crossover Picturebooks Mar 27 2022 This book situates the picturebook genre within the widespread international phenomenon of crossover literature, examining an international corpus of picturebooks — including artists' books, wordless picturebooks, and celebrity picturebooks — that appeal to readers of all ages. Focusing on contemporary picturebooks, Sandra Beckett shows that the picturebook has traditionally been seen as a children's genre, but in the eyes of many authors, illustrators, and publishers, it is a narrative form that can address any and all age groups. Innovative graphics and formats as well as the creative, often complex dialogue between text and image provide multiple levels of meaning and invite readers of all ages to consider texts that are primarily marketed as children's books. The interplay of text and image that distinguishes the picturebook from other forms of fiction and

makes it a unique art form also makes it the ultimate crossover genre. Crossover picturebooks are often very complex texts that are challenging for adults as well as children. Many are characterized by difficult "adult" themes, genre blending, metafictional discourse, intertextuality, sophisticated graphics, and complex text-image interplay. Exciting experiments with new formats and techniques, as well as novel interactions with new media and technologies have made the picturebook one of the most vibrant and innovative contemporary literary genres, one that seems to know no boundaries. *Crossover Picturebooks* is a valuable addition to the study of a genre that is gaining increasing recognition and appreciation, and contributes significantly to the field of children's literature as a whole.

The Ethics of Life Writing

May 29 2022 Our lives are increasingly on display in public, but the ethical issues involved in presenting such revelations remain largely

unexamined. How can life writing do good, and how can it cause harm? The eleven essays here explore such questions.

The Home Place Sep 08 2020

The year is 1878. The widowed Christopher Gore, his son David and their housekeeper Margaret, the woman with whom they are both in love,

live at The Lodge in Ballybeg. But in this era of unrest at the dawn of Home Rule, their seemingly serene life is threatened by the arrival of Christopher's English cousin, who unwittingly ignites deep animosity among the villagers of Ballybeg. The Home Place premiered at the Gate Theatre, Dublin, in February 2005.

City of My Dreams Dec 04

2022 Translated by Jennifer Baverstam This book is the first in the five-volume Stockholm Series. A masterpiece of historical realism, this

sweeping narrative creates unforgettable characters and gives a cross-section of life in nineteenth-century Stockholm. *City of My Dreams* broke the record for bestsellers in

Sweden. Fogelstrom, who was born in 1917, is greatly respected as a chronicler of his people. Ingmar Bergman made one of his earlier novels into a movie, *Summer with Monika*. A statue of him is at the entrance to the hall where the Nobel prizes are awarded. Size 6x9, over 332 pages. Perfect bound
How to Become King Feb 11

2021 Seventeen years after the king of Katoren dies, a boy aspires to win the crown and is tested with seven impossible tasks by six Ministers.

Sweetness Jun 17 2021 No doubt about it, Lindgren has joined the ranks of the greatest writers" Michel Crepu, La Croix The woman had come from a city in the south to lecture in a small village amid the snowbound forests of northern Sweden. She was a writer. After the lecture in the village hall an old man who had been sleeping at the back introduced himself, as she was to be his guest for the night. So it was that she moved in with Hadar, a man who lived on his own and was in the last stages of cancer. Not another house in sight, save for one just a field away; there lived Hadar's brother Olof, also on his own, and dying of heart disease. Neither brother would consent to die, the woman discovered, for that would give the other the satisfaction of outliving him. Cut off by a snow blizzard, the woman settles into Hadar's attic, leaving only to pick her

way across to Olof's, and in the days that follows she acts as both nurse and confessor to each of them. She learns of the woman they shared and the son of disputed paternity, uncovering the tissue of lies and self-deceptions that keeps the ailing brothers alive in a bond of mutual loathing. Ultimately to her roles of nurse and confessor she adds a third: the hand of Providence . . . The author of *The Way of a Serpent and Light* is one of Sweden's outstanding practitioners of black humour. In *Sweetness* he has achieved a work of brilliant comic invention.

The Red Houses Jun 29 2022

L. Lars Hård Dec 12 2020 A young man struggles to overcome the harshness of his life as a farm laborer in Sweden during the 1920s
Peder Paars Mar 03 2020 Narrative poem considered a landmark in Dano-Norwegian literature.

Professor Andersen's Night

Mar 15 2021 A dark and moving examination of one man's derailed life, by the Norwegian master who is

“without question, Norway’s bravest, most intelligent novelist” (Per Petterson) In this existential murder mystery, it is Christmas Eve, and fifty-five-year-old professor Pal Andersen is alone, drinking coffee and cognac in his living room. Lost in thought, he looks out the window and sees a man strangle a woman in the apartment across the street. Failing to report the crime, he becomes paralyzed by his indecision. Professor Andersen’s *Night* is an unsettling yet highly entertaining novel, written in Dag Solstad’s signature concise, dark, and witty prose. “He’s a kind of surrealist writer, of very strange novels,” Haruki Murakami wrote. “I think he is serious literature”. *Jonathan Unleashed* Oct 22 2021 “[A] comic masterpiece.” —People magazine’s “Book of the Week” “A charming comedy on love, friendship, and the surprising influence of man’s best friend.” —Harper’s Bazaar National Book Award finalist and bestselling author Meg Rosoff’s charming,

hilarious new novel about a young New Yorker’s search for happiness and the two dogs who help him find it—the perfect summer read Jonathan Trefoil’s boss is unhinged, his relationship baffling, and his apartment just the wrong side of legal. His girlfriend wants to marry someone just like him—only richer and with a different sense of humor. He doesn’t remember life being this confusing, back before everyone expected him to act like a grown-up. When his brother asks him to look after his dogs, Jonathan’s world view begins to shift. Could a border collie and a cocker spaniel hold the key to life, the universe, and everything? Their sly maneuvering on daily walks and visits to the alluring vet suggest that human emotional intelligence may not be top dog after all. A funny, wise romantic comedy set in Manhattan, *Jonathan Unleashed* is a story of tangled relationships, friendships, and dogs. Rosoff’s novel is for anyone wondering what to be when they grow up, and how

on earth to get there.
