**Woman Evolve** Oct 10 2020 A New York Times bestseller! With life lessons she's learned and new insights from the story of Eve, Sarah Jakes Roberts shows you how past disappointments, struggles, and even mistakes can be used today to help you become the woman God intended. Who would imagine being friends

with Eve—the woman who’s been held responsible for the fall of humanity (and cramps) for thousands of years? Certainly not Sarah Jakes Roberts. That is, not until Sarah discovered she is more like Eve than she cares to admit. Everyone faces trials, and everyone will mess up. But failure should not be the focus. Your focus should not be on who you were but rather the pursuit of who you can become. In *Woman Evolve*, Sarah helps you understand that your purpose in life does not change; it evolves. Making her mistake in the Garden of Eden, Eve became the first woman to deal with rebuilding her life in the aftermath of her past. Eve knew better, but she didn’t do better. With scriptural lessons, Eve as the framework, and Sarah as your guide you will discover and work through: Past issues and insecurities that haunt you Seeing yourself as God sees you and trusting Him with who you really are How to come out of darkness and pursue a real relationship with God Why it’s important to truly care for yourself Setting in motion the beautiful seed that God planted in you Your fears and insecurities may have changed how you viewed God, others, and yourself, but in *Woman Evolve*, you can break through and use past mistakes to revolutionize your life. Like Eve, you don’t have to live your future defined by your past.

**Success Journal / Serious Blue** Jun 05 2020 The action-oriented *Success Journal* provides a beautifully designed and fully organized space to determine your goals, break them into achievable steps, and record your progress. Matthias Hechler developed the *Success Journal* as a result of his own personal discovery adventure, after finding that he didn’t need a standard planner/calendar or have time to do long mindfulness exercises included in other journals. This journal contains only one, quick morning routine to perform and includes concise prompts for each day. Set your goals in the first section, then get started on them in the structured daily journaling pages that follow. The goal-setting part of the journal helps you find

your personal values, set your goals, create a life vision, and get a clearer idea of who you are and what you want. It serves as a launchpad and base camp of how to work, record, and achieve what you want. You’ll learn how to visualize and evaluate goals, track habits, and create wish lists. The daily journaling pages provide space to answer reflection questions, think, and record your daily goals. Prompts include: How do I feel today? What will I do today to achieve my goal? What can I do for other people today? What makes me grateful and happy? Weekly, monthly, and quarterly reviews are incorporated into the pages to help you accomplish your long-term goals. Get your life on track with the *Success Journal*.

"I could not be more excited about this book."—Jenna Fischer, actor and cohost of the Office Ladies podcast The chorus of "shoulds" is loud. You should enjoy the moment, dream big, have it all, get up before the sun, track your water consumption, go on date nights, and be the best. Or maybe you should ignore what people think, live on dry shampoo, be a negligent PTA mom, have a dirty house, and claim your hot mess like a badge of honor. It's so easy to feel overwhelmed by the mixed messages of what it means to live well. Kendra Adachi, the creator of the Lazy Genius movement, invites you to live well by your own definition and equips you to be a genius about what matters and lazy about what doesn't. Everything from your morning routine to napping without guilt falls

into place with Kendra's thirteen Lazy Genius principles, including: • Decide once • Start small • Ask the Magic Question • Go in the right order • Schedule rest Discover a better way to approach your relationships, work, and piles of mail. Be who you are without the complication of everyone else's "shoulds." Do what matters, skip the rest, and be a person again.

**The Bullet Journal Method** Dec 24 2021 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: \* TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. \* ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. \* PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls "intentional living": making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. \*\*\* This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. \*\*\*

*Sales Planner* Dec 04 2022 This quarterly professional sales planner is designed to help you plan better and WIN more! Great for professional salespeople and representatives who are making calls, visiting customers, and on the road out trying to find new contacts, identify opportunities, and win more deals. In today's competitive business environment, organizations are expecting more. In many cases, sales reps are being asked to track more than ever before - often times in digital formats like databases and online CRM systems. We've kept this planner simple for you in a compact 6x9 format for those that still prefer pen & paper note taking and planning. It is un-dated so you can pick it up at any time and get started. There are 13 weeks so that you can plan for a fiscal quarter at a time. Each week starts out with a weekly planner for you to schedule activities, set your top priorities, and plan the to-do list of the week. There is a dot-grid

journal page for you to make additional notes and plans followed by a daily sales planner and meeting planner (5 days/week). The daily sales planner pages allow you to: Plan your day's schedule by the hour Set your top 3 priorities for the day Track your customer call count for the day Track your customer visit count for the day Record new contacts Take notes on new opportunities Capture notes, takeaways for the day The back of each daily planner page allows you to plan out up to 3 customer meetings in detail. The more prepared you are going into a meeting with the customer the better. It doesn't take long to prepare. Research your customer and know who you are meeting, what their role in the business is. Identify your primary objective and goal for the meeting - what do you want to accomplish? Draft questions in advance that you plan to ask. When you meet with the customer, use the planner to capture the customer's responses to your questions. Also, try to find out what the most important priority is for that customer. Record notes and takeaway actions. Be sure to check back on these follow-up actions and close them out to build up your customer's trust. At the end of your day or week, you can use the notes in your planner to debrief and update any other systems that you use like sales reports and CRM systems. That's it! We trust this planner will help you succeed in growing your sales and winning more than ever before.
