Gary Friedman is renown for ebooks that combine technical insights, remarkable thoroughness, and an easy-to-read style. In this 726-page (!) book, every feature is described in remarkable detail. (Including one I'll bet you haven't read about anywhere else.) Topics covered include: \* Gary's personal camera settings \* All of the hidden features that are NOT in the menus \* All the different ways to tether the camera, both wired and wireless \* All of the FTP options, including how you can caption, keyword, and upload everything while still in the field! \* His workflow for reducing high ISO noise using three different programs \* Untangling the alphabet soup that is video nomenclature \* How to communicate with your camera when it's off (!) Join the legions of satisfied readers that have relied on Gary to get the most out of their digital cameras! PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology. Singapore's leading tech magazine gives its readers the power to decide with its informative articles and in-depth reviews. The Sony Alpha 6500 camera builds upon the company's best-selling Alpha 6000, and adds a significant amount of new features. Professional photographer Gary Friedman explains the myriad of features in an approachable and easy-to-understand way, explaining not only the "what" but also the "why" and in what situations you'd want to use which feature. In this 657-page book you will learn: \* What every mode, button and function does - in plain, easy-to-understand language. \* Gary's personal camera configuration \* Unique features of the A6500, including why you'll never know just how distorted your kit lens is.: -) \* Shooting in 4K and how to choose the best mode for YOU. \* NFC, Wi-Fi, and step-by-step instructions on using them. \* Which of the new downloadable

"apps" are actually useful. \* A tutorial to get the benefits of shooting RAW, and a condensed guide to the basics. \* A set of "Cliffs Notes" cards Instantly-downloadable .pdf file also available from the author's website. Gary Friedman's ebooks for Sony cameras are known for their thoroughness and their readability, helping you cut through the complexities of your new digital camera and help you focus (pun intended) on how to get shots that make people say, "Wow!" This latest book on Sony A6400 covers every function and every detail, and explains practical uses for every setting. Get the most out of your camera! We can't all camp out in old-growth forests, lying down in front of the bulldozers. And it's not only that we're too busy: Some of us just don't want our fabulous threads to get caked with mud. But that doesn't mean we don't care passionately about the environment. Luckily, the days when becoming environmentally aware entailed eating bread that tasted like dirt, wearing clothes that looked like frayed burlap sacks, and spending summer vacations assailing whaling ships with Greenpeace are passing away. It is now perfectly possible (and increasingly easy) to be well fed, well coiffed, well dressed, and well traveled while remaining deeply committed to an ecologically sustainable lifestyle. In The Lazy Environmentalist, Josh

Dorfman, host of the Sirius Satellite Radio program of the same name, provides comprehensive guidance to fashion-forward consumers who are as concerned about the long-term health of our planet as they are about the design of their bathroom fixtures. Covering topics that range from clothing to electronic gadgetry, home decor to recreation, and gardening to financial investment, Dorfman lets us know which trends to watch and which eco-conscious products to buy. Green, it turns out, can be an extremely stylish color. Singapore's leading tech magazine gives its readers the power to decide with its informative articles and in-depth reviews.
