From assisted suicide to basic standards of nursing and residential care, debates around end of life issues are rarely out of the news. This succinct guide represents current thinking in the Church of England and offers a framework for ethical decision making and the highest standards of pastoral care in often complex and challenging situations. Longhorne lived alone and understood that he would die alone. Only behind the walls of his isolation could he attain the order and calm he required; find the peace that made his existence bearable. Insulated also from his feelings and memories, he hoped for nothing, demanded nothing, expected nothing. Until his thirty-first birthday... Written by Peter Milligan Art by Chris Bachalo, Bill Jaaska and Mark Pennington Cover by Brendan McCarthy This new, second volume collects SHADE THE CHANGING MAN #7-13 for the first time ever, as Shade and Kathy George continue their epic, mind-bending journey into the heartland of a nation on the trail of The American Scream. Advance-solicited; on sale November 25 o 192 pg, FC, \$19.99 US o MATURE READERS New London of 2921 is a crowded, filthy slime-pit awash with Death-Juice junkies, Latin-spouting armored fascists, exploding nuns and a religious cult who worship Bing Crosby's left testicle. It's also home to ultra-violent, foul-mouthed private eye Johnny Nemo and a streetwise PI who deals in death and simple solutions to complex problems. The classic, remastered collection features never-before-seen art and is the crowing glory of award-winning writer, Peter Milligan (All-New Doop, Hellblazer, Shadowman) and illustrators Brett Ewins (Bad Company, Skreemer). Chris Murray reveals the largely unknown and rather surprising history of the British superhero. It is often thought that Britain did not have its own superheroes, yet Murray demonstrates that there were a great many in Britain and that they were often used as a way to comment on the relationship between Britain and America. Sometimes they emulated the style of American comics, but they also frequently became sites of resistance to perceived American political and cultural hegemony, drawing upon satire and parody as a means of critique. Murray illustrates that the superhero genre is a blend of several influences, and that in British comics these influences were quite different from those in America, resulting in some contrasting approaches to the figure of the superhero. He identifies the origins of the superhero and supervillain in nineteenth-century popular culture such as the penny dreadfuls and boys' weeklies and in science fiction writing of the 1920s and 1930s. He traces the emergence of British superheroes in the 1940s, the advent of "fake" American comics, and the reformatting of reprinted material. Murray then chronicles the British Invasion of the 1980s and the pivotal roles in American superhero comics and film production held by British artists today. This book will challenge views about British superheroes and the comics creators who fashioned them. Murray brings to light a gallery of such comics heroes as the Amazing Mr X, Powerman, Streamline, Captain Zenith, Electroman, Mr Apollo, Masterman, Captain Universe, Marvelman, Kelly's Eye, Steel Claw, the Purple Hood, Captain Britain, Supercats, Bananaman, Paradax, Jack Staff, and SuperBob. He reminds us of the significance of many such creators and artists as Len Fullerton, Jock McCail, Jack Glass, Denis Gifford, Bob Monkhouse, Dennis M. Reader, Mick Anglo, Brendan McCarthy, Alan Moore, Grant Morrison, Dave Gibbons, and Mark Millar. This is the most comprehensive collection of art from the ground-breaking animated series, ReBoot! GOOD MORNING AMERICA BOOK CLUB PICK! • Ray McMillian is a Black classical musician on the rise—undeterred by the pressure and prejudice of the classical music world—when a shocking theft sends him on a desperate quest to recover his great-great-grandfather's heirloom violin on the eve of the most prestigious musical competition in the world. "I loved The Violin Conspiracy for exactly the same reasons I loved The Queen's Gambit: a surprising, beautifully rendered underdog hero I cared about deeply and a fascinating, cutthroat world I knew nothing about—in this case, classical music." —Chris Bohjalian, #1 New York Times bestselling author of The Flight Attendant and Hour of the Witch Growing up Black in rural North Carolina, Ray McMillian's life is already mapped out. But Ray has a gift and a dream—he's determined to become a world-class professional violinist, and nothing will stand in his way. Not his mother, who wants him to stop making such a racket; not the fact that he can't afford a violin suitable to his talents; not even the racism inherent in the world of classical music. When he discovers that his beat-up, family fiddle is actually a priceless Stradivarius, all his dreams suddenly seem within reach, and together, Ray and his violin take the world by storm. But on the eve of the renowned and cutthroat Tchaikovsky Competition—the Olympics of classical music—the violin is stolen, a ransom note for five million dollars left in its place. Without it, Ray feels like he's lost a piece of himself. As the competition approaches, Ray must not only reclaim his precious violin, but prove to himself—and the world—that no matter the outcome, there has always been a truly great musician within him. For as long as Brendan McCarthy can remember, he has been intrigued by the question of God's existence. He has discovered that he is not alone in this fascination. This book has been born out of numerous conversations with honest enquirers, fearful doubters, ardent believers and convinced atheists. More than that, it has been born out of a desire to conduct a personal, open and honest enquiry into the possible existence and nature of God. This is not a work of Christian apologetics; there is no attempt to convince anyone of anything. Rather, it is an invitation to look over the author's shoulder as he thinks his way through what he considers to be the most important issues with regard to belief in God. This book takes an informed, personal look at the question of God's existence and nature, but unlike most books of its kind, it does not seek to prove a point or to argue its readers into either belief or non-belief. Respecting the integrity of everyone involved in this debate, it maps a clear and accessible path through the maze of science, philosophy and theology, enabling the reader to come to his or her own conclusions. "As I wrote (and rewrote) this book, I made every effort to identify prior convictions and prejudices and then to set them to one side. What emerged was, for me, a fascinating process that led me down new roads and, I believe, into green, if somewhat uncomfortable, pastures. The end result is a book that is honest and engaging without being partisan. I hope that it encourages others to make a similar journey." Mountain man Joe Moss continues his quest to find the woman he loves and the child she bore him. In Carson City, he downs a record four bottles of whiskey, gets roaring drunk, and scalps two would-be robbers while they're still alive. Luckily, an outcast Mormon woman Joe befriended aids his jailbreak before a lynch mob insists on his attendance at their necktie party. Joe locates his beloved Fiona's father, Brendan McCarthy—a man he hates more than anyone alive—who tells him Fiona has killed a prominent mine owner and has a bounty on her head. Like it or not, the rotgut-ravaged Brendan may be the only one who can help Joe find his family. And that will require Joe to do the hardest thing of all—remain on his best behavior. A full-speed-ahead oral history of the nearly two-decade making of the cultural phenomenon Mad Max: Fury Road—with more than 130 new interviews with key members of the cast and crew, including Charlize Theron, Tom Hardy, and director George Miller, from the pop culture reporter for The New York Times, Kyle Buchanan. It won six Oscars and has been hailed as the greatest action film ever, but it is a miracle Mad Max: Fury Road ever made it to the screen... or that anybody survived the production. The story of this modern classic spanned nearly two decades of wild obstacles as visionary director George Miller tried to mount one of the most difficult shoots in Hollywood history. Production stalled several times, stars Tom Hardy and Charlize Theron clashed repeatedly in the brutal Namib Desert, and Miller's crew engineered death-defying action scenes that were among the most dangerous ever committed to film. Even accomplished Hollywood figures are flummoxed by the accomplishment: As the director Steven Soderbergh has said, "I don't understand how they're not still shooting that film, and I don't understand how hundreds of people aren't dead." Kyle Buchanan takes readers through every step of that moviemaking experience in vivid detail, from Fury Road's unexpected origins through its outlandish casting process to the big-studio battles that nearly mutilated a masterpiece. But he takes the deepest dive in reporting the astonishing facts behind a shoot so unconventional that the film's fantasy world began to bleed into the real lives of its cast and crew. As they fought and endured in a wasteland of their own, the only way forward was to have faith in their director's mad vision. But how could Miller persevere when almost everything seemed to be stacked against him? With hundreds of exclusive interviews and details about the making of Fury Road, readers will be left with one undeniable conclusion: There has never been a movie so drenched in sweat, so forged by fire, and so epic in scope. Are you tired of feeling anxious and irritable A dystopian cyberpunk thriller of identity theft, sentient diseases and fake news, from comics' best-dressed rebels, Peter Milligan and Rufus Dayglo! FAKE NEWS In a city ruled by the multinational corporations, identity is crucial — no one can get anywhere without being monitored, logged, and status-checked. Fortunately for some, if a new I.D. is needed, there are 'simmers' — backstreet I.D. thieves that can create new personas by stealing the identities of others. Libra Kelly is a simmer with an axe to grind, doing jobs that cause trouble for the corporations free of charge, but soon finds herself stuck with a terminally diseased I.D. and a price on her head... One of comics' most innovative and original voices, Brendan McCarthy brings us SPIDER-MAN FEVER—a truly unique and surreal story evoking the classic Silver-Age psychedelia of Steve Ditko's Dr. Strange. In FEVER, Spider-Man is abducted by a depraved tribe of spider-demons to a bizarre dimension where he is to be eaten alive. Dr. Strange goes on a perilous occult quest to rescue his friend—and tangles with some very peculiar characters along the way. COLLECTING: Spider-Man: Fever #1-3; Amazing Spider-Man Annual #2 "Together for the first time in one volume are all of Alan Moore's Future Shocks -- darkly funny and deliriously twisted tales of sci-fi terror, where nothing is what it seems. This thrill packed-collection features the art of many legendary names in the comics industry including Ian Gibson (The Ballad of Halo Jones), Bryan Talbot (Luther Arkwright) and Dave Gibbons (Watchmen). Also included are over a hundred pages of bonus material featuring dozens of complete stories scripted by Moore for 2000 AD."--P. [4] of cover. Some of today's leading science fiction and fantasy authors—including Gregory Benford, Fiona Patton, Richard Friesen, Tanya Huff, Bruce Holland Rogers, and Michelle West, among others—present their own innovative new version of such classic fairy tales as "Sleeping Beauty," "Goldilocks," and "The Emperor's New Clothes." Original. The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873) Traces the story of World War II soldier Herman Perry, an African-American G.I. assigned to a segregated labor battalion who sparked the war's most notorious manhunt when he fled into the Indo-Burmese jungle after shooting an unarmed white officer. To stop a psychic plague-bomb that threatens to render humanity catatonic and the Dreamfields barren, the last Dream Voyager awakens! When the evil Zeirio commandeers a powerful Dreamship and goes on a rampage throughout the collective mindscape, it's up to a group of psychic travelers known as the Dream Gang to stop him. Written, drawn, and colored by Brendan McCarthy, the co-writer/designer of the motion picture Mad Max: Fury Road, artist and co-creator of The Best of Milligan and McCarthy, contributor to Dark Horse Presents and 2000 AD, and writer/artist of DC Comics' Solo and Marvel's Spider-Man: Fever! There's a war on for your mind and it's a nightmare-in Brendan McCarthy's astonishing new graphic novel Dream Gang. "A fever dream of a tale that is gorgeous in its roughness and, like real dreams, leaves the reader guessing as to what the next step is in the story being told."-Comic Book Resources "Deeply atmospheric, breathlessly suspenseful, with a ticking clock like no other—a terrific thriller."—Lee Child Haunted by dark secrets and an unsolved mystery, a young doctor returns to his isolated Adirondacks hometown in a tense, gripping novel in the vein of Michael Koryta and Harlan Coben. Burying the past only gives it strength—and fury. Nate McHale has assembled the kind of life most people would envy. After a tumultuous youth marked by his inexplicable survival of a devastating tragedy, Nate left his Adirondack hometown of Greystone Lake and never looked back. Fourteen years later, he's become a respected New York City surgeon, devoted husband, and loving father. Then a body is discovered deep in the forests that surround Greystone Lake. This disturbing news finally draws Nate home. While navigating a tense landscape of secrets and suspicion, resentments and guilt, Nate reconnects with estranged friends and old enemies, and encounters strangers who seem to know impossible things about him. Haunting every moment is the Lake's sinister history and the memory of wild, beautiful Lucy Bennett, with whom Nate is forever linked by shattering loss and youthful passion. As a massive hurricane bears down on the Northeast, the air becomes electric, the clouds grow dark, and escalating acts of violence echo events from Nate's own past. Without a doubt, a reckoning is coming—one that will lay bare the lies that lifelong friends have told themselves and unleash a vengeance that may consume them all. Praise for The Storm King "Brendan Duffy's second book mingles horror, historical fiction, supernatural suspense and old-fashioned murder mystery, the rare phantasmagoria whose pieces click into a satisfying resolution. . . . This is a gutsy, intricate, evocative piece of mischief, much closer than anyone usually gets to that particular spell cast by Stephen King."—USA Today "Duffy follows his debut, House of Echoes, with a stunning literary thriller, which combines accomplished wordsmithing with startling twists."—Publishers Weekly (starred review) "An elaborately layered, creepily atmospheric story that blends haunting legends

and the psychological terror of a murderer on the hunt. A winning thriller sure to draw readers of Jennifer McMahon, Ruth Ware, and Michael Koryta.”—Booklist (starred review) Reviews the history, geography, and culture of Cuba, describes tourist attractions in each region, and recommends hotels and restaurants. What do you want me to do? This question is the enduring management issue, a perennial problem that Stephen Bungay shows has an old solution that is counter-intuitive and yet common sense. The Art of Action is a thought-provoking and fresh look at how managers can turn planning into execution, and execution into results. Drawing on his experience as a consultant, senior manager and a highly respected military historian, Stephen Bungay takes a close look at the nineteenth-century Prussian Army, which built its agility on the initiative of its highly empowered junior officers, to show business leaders how they can build more effective, productive organizations. Based on a theoretical framework which has been tested in practice over 150 years, Bungay shows how the approach known as 'mission command' has been applied in businesses as diverse as pharmaceuticals and F1 racing today. The Art of Action is scholarly but engaging, rigorous but pragmatic, and shows how common sense can sometimes be surprising. One of comics' most fruitful collaborations gets its due in this deluxe collection of hard-to-find gems from Peter Milligan (Hellblazer, X-Statix) and Brendan McCarthy (Judge Dredd, The Zaucer of Zilk)! Collecting twenty years' worth of the pair's finest work from Vanguard Illustrated, Strange Days, 2000 AD, and Vertigo, this beautiful hardcover includes art that has been newly touched up by McCarthy and features original commentary by both creators. There is still nothing else like Freakwave, Paradox!, Skin, and Rogan Gosh, and this volume is both the perfect retrospective for fans and the ideal starting place for new readers! In this thorough and original analysis, Brendan McCarthy highlights the unclear moral basis of the laws governing human fertilization techniques and establishes a convincing foundation for a Christian approach. Winner of the 1987 Christianity and Literature Book Award for Belles-Lettres. In this eco-focused middle-grade novel, readers follow the story of twin sisters who move with their father to a small town in Alaska for a new start after the devastating loss of their mother. It's been four months since their mother died. The twins and their father have moved from Pennsylvania to a small town in Alaska to be near extended family. Nicky and Josie find the wilderness mysterious and beautiful, and a much-needed refuge. The girls drifted apart somewhat during their transition, each dealing with grief in a different way. Now, as they settle into a new normal, they become involved in a community debate that threatens the very land they are growing to love. For the local adults, livelihoods are at stake, and tensions are high. But it's the young people who take the lead, especially newcomers Josie and Nicky, who find a way to speak up for what they believe, reconnecting with each other and with their father in the process—and, they hope, doing their mother proud. Will their heartfelt plea keep the peace and save the trees that have existed for hundreds of years? Author Brendan Jones's passion for Alaska shines through in this, his debut middle-grade novel. Indeed, Brendan's day-to-day subsistence lifestyle in his own Alaskan community—a place he's called home for decades—and his appreciation for young activists greatly inspired Whispering Alaska. The rich detail with which he describes the earth's largest intact temperate rainforest will make readers wonder whether they too can hear the trees whisper. Psychiatrist Dr. Brendan McCarthy determines he'll do whatever it takes to rescue a young marine from despair. But ultimately it's McCarthy's big-hearted and courageous black Labrador, Nelson, who teaches both men the real meaning of life after near-death. The return of fan-favourite skysurfing delinquent in an original story by comic superstars! SURFING THE DREAMTIME The Oz Radback, 2140 AD. But when he goes in pursuit of the mutants that kidnapped his friend Wally during a radstorm, the ageing skysurfer gets far more trouble than he bargained for! This book collects the latest adventure of Mega-City One's greatest skysurfer as well as several Judge Dredd stories also featuring the vibrant psychedelic art of Brendan McCarthy. Longhorne lived alone and he understood that he would die alone. Only behind the walls of his isolation, could he attain the order and calm that he required; only there could he find the peace that made his existence bearable. Insulated also from his feelings and memories, he hoped for nothing, demanded nothing, expected nothing. Until his thirty-first birthday... A trivial incident initiates a cascade of experiences until control of his carefully regulated mind is wrested from him, changing the course of his life and the lives of others. In the space of a few days, every protective barrier that he had painstakingly fashioned is breached until he is forced to confront the truth about his past: the truth about himself. Step by step, he realises that the mysterious and powerful forces that have taken control of him are not external; in ways that he cannot fully fathom, they are part of him, and he is part of them. In connecting with himself, has he stumbled upon something fundamental that lies at the heart of all human existence?
